Millions of Californians DID Vote to "Legalize HATE"

...of Communist Race-mixing!

WHAT THE ELECTIONS MEAN

It is tempting to gloat "I told you so" about the elections, because we DID "told you so"--but I will resist, because there is much to be learned from the results--although few rightwingers will do the learning (except the hard way).

Let's start with the actual SITUATION now, which is precisely what I expected--and what IKE and the Jews and Reds expected.

Now the enemies of America and the White Race have their "mandate" to mix us and commu-nize us unmercifully as we predicted, and they will DO it!--thanks to the willing help and millions of the well-meaning rightwingers who worked so hard to give America ONE MORE PHONY "CHOICE"--between a Jew-and-nigger-loving crook and an out-right JEW!

Our side has now been deprived of one of our strongest arguments--that "we have never been given a real CHOICE"--by the clever work of Gold-water, Eisenhower & Company. But we have NOT had a REAL choice, as I shall shortly show by re-

sults in California. Rightists are so DESPERATE for any old HOPE that they fail to examine each "hero" as he comes along, and, when they accepted a Jew as "leader", they were and are headed for catastrophe. Nobody could have beaten the incumbent president, so it was a perfect setup.

But especially Goldwater could NOT win, because he has been very carefully built up as the candidate of WEALTHY REACTION.

It is an unfortunate fact that people love their money and property more than they love their race, or even their country. To win an election, we must win millions and millions of poor, working people who remember all too well the vile exploitation of some wealthy Americans only a few decades ago and who jealously treasure the gains made for them by Union leaders, Red and evil as these latter may be. That is a fact, distasteful as it may be to many rightists.

Goldwater, with his department store millions, his private planes, his private radio stations, and most of all with his open declarations against some of the "welfare" the masses of working Americans want (regardless of principles involved), presented EXACTLY the picture planned by the enemy to give LBJ and the Jews the phony "mandate" they needed. Goldwater was the ancient "robber baron" to millions and millions of good, plain Americans in factories, shops, fields and little cottages. Do not protest that Rockefeller is a REAL robber baron, etc., or that Roosevelt was a millionaire, etc. Images, not realities are what count today in mass-media America, and the IMAGE of Goldwater was the image of NAKED, REACTION BY ENTRENCHED WEALTH against the "socialism" which is confiscating their wealth. It was not just the enemy which promoted this image--it IS the image of too much of our "rightwing" which howls eternally about "socialism", "confiscation of wealth", and blasts unions, but shows no HEART for the LITTLE man--the little guys by the MILLIONS and MILLIONS who could win elections for us.

This LITTLE guy is the key to what Ike and the Jews just did to us, precisely as we predicted. The other side doesn't really CARE about the little guy, but they are smart enough to go to any length to make him THINK they care--as did the master demagogue, FDR.

By ranting endlessly for "individual rights", especially the rights of individuals to be economic pirates, and eternally blasting all forms of welfare, the so-called "conservatives" completely alienate and disgust the millions of little guys. Just picture the effect, for instance, of fancy-pants Buckley with his lisping Yale-British accent and his Tiffany words on a Pittsburgh steel worker sitting before his television with a beer in his hands and his shoes off after a rough, dirty day at the mill. Honest rightwingers who take the trouble to imagine this scene will perhaps have some idea of why "our" side lost with such champions as Goldfink and Buckley as our heroes--and, more important, why IKE KNEW WE WOULD LOSE DISASTROUSLY WHEN HE BACKED GOLDFINK. It is millions of mill-workers who win elections, not bourgeois mill owners and college wizards.

Our side has all the facts, reason and brilliant arguments. The other side has all the violin music, the hearts and flowers, the handouts, the promises, the excitement and the HEART, or so it seems to the masses.

The key to what just was done to us by Jew Goldfink lies in CALIFORNIA, where I am dictating this.

In California, as most Americans know, there was a state-wide chance for millions to vote directly on the NIGGER question. "Proposition 14" on the California ballot proposed to rescind the pro-nigger "fair-housing" law.

Goldfink lost by a LANDSLIDE to LBJ and the Jews in California.

But the SAME PEOPLE VOTED AGAINST THE NIGGERS BY A STILL BIGGER LANDSLIDE!

If Proposition 14 had been defended ONLY on the grounds of "the Constitution" and "property rights" it would have lost just as Goldfink lost on the same DEAD, EMPTY, HYPOCRITICAL PITCH.

I believe in property rights and the Constitution as much as anybody in the world--but "property rights" and the "Constitution" are WORTHLESS WEAPONS IN A POLITICAL BATTLE FOR THE VOTES OF THE MASSES. The masses just DON'T REALLY CARE about these things, as they care for their jobs, savings, homes, families and --as they HATE BEING FORCED TO MIX WITH NIGGERS.

There is no question in my mind, considering Wallace's experience and Proposition 14 that the ONLY way to win the masses away from LBJ and his handouts is by giving them a REAL choice on the NIGGER situation. Proposition 14 did JUST THAT and won by a landslide, even though every rotten Red preacher, teacher and politician in California was calling it "legalized hate", "ballots for bigotry", "Nazism", etc. The name-calling meant NOTHING, when the people got into the sacred secrecy of the polling booth. They voted against niggers in Michigan, Seattle and California, and they will vote against the niggers NATIONWIDE whenever they get the opportunity to do so.

To win, we must give them an all-out EMOTIONAL campaign of COMBAT and we must touvh their "nerves", their deep drives and emotions--not some lofty appeals to "principles" which few of them really understand or care about. Even Wallace misses the boat when for "fear of the Jews", he goes around saying he is "not a racist" and loves the coons, etc.

Publicly, people will not identify with a "racist" and "nigger hater", except perhaps in the deep south, where they are still more honest and fundamental.

But everytime, from now on, Americans get an opportunity to go into a curtained polling booth in secrecy, they will VOTE AGAINST THOSE NIGGERS! Both before and after voting they may curse the "dirty hate-monger". But this means nothing. It's those VOTES which count.

LBJ got them because the Jews and Reds--and Goldwater--kept the ONE issue of the campaign, RACE, out of it, and Goldfink cooperated to the limit, as was his job. The only other issue was WAR and PROSPERITY.

Goldfink conveniently made remarks about dropping a few atom bombs and clearly gave the impression that the flow of Federal money would dry up the day after he was inaugurated. He blasted TVA in Tennessee, blasted aid for the aged in St. Pete, blasted aid to the jobless in Appalachia and did about as much as any Jew, nigger or Red could have asked him to do to be sure he would produce that damnable, deadly "mandate" which will now be jammed down our throat.

And I again predict that the silly, girlish "right" will fall for Goldfink AGAIN in 1968, with all sorts of excuses for him in 1964. And Fink will make it, too, in 1968, because by then, Johnson will be so hated, possibly even impeached like the parallel before him in history, that ANY alternative to LBJ could and will win.

On balance, here's what the slick "sale" of this Jew "leader" to the rightwing and his support by Ike has produced.

1. Wallace was stopped cold when all the rightist millions went to Goldfink as soon as the Jew was nominated. I am convinced this was part of the scheme.

2. The Jews, Reds, niggers and corrupt politicians now have their overwhelming "mandate" to communize, rob and MIX up unbearably.

3. The rightwing is now deprived of it's "choice, not an echo" argument--although we have had no REAL choice, only a choice between a Jew and a crook.

4. MILLIONS AND MILLIONS AND MILLIONS of dollars have been drained away from any REAL fight on behalf of White Christian America by the crazy effort to elect an Ike-backed JEW.

5. Millions of people on our side are discouraged and heart-sick, truly believing we have HAD a "choice"--and America chose Communism, corruption and race-mixing. These people will, at least temporarily, quit.

6. The road is clear for bitter persecutions of all us "hate-mongers"--and I am convinced we will "get it", now that the signal is green. As we drive for the Virginia governorship, the only thing I can see which would stop us, aside from the bitter lack of funds, would be a Federal prosecution on any grounds they can cook up, and I fully expect the Jew "Justice" Department to come up with the grounds at their earliest convenience.

7. The rightist cause has been made a fool of in the eyes of the masses. It will take a long time to regain any serious consideration from the masses.

8. In their bitter frustration, the majority on the right will learn NOTHING from the defeat, in spite of the blazing victory and significance of Proposition 14 against the niggers. Because it is "safe", we will continue to see even Wallace going for State's Rights instead of RACE, and Messrs. Welch, Hargis, et al., will tell us they love Jews, especially Goldfink.

9. We face four years of unadulterated race-mixing, rioting HELL.

10. The only good thing is that--just like a man with a toothache who fears the dentist, America has been DUCKING THE QUESTION (Jews and niggers), and will keep ducking it as long as the pain isn't TOO bad. That rotten nigger and Jew tooth is going to have to be "JERKED OUT by the roots"--and no JEW dentist is going to do it, either. The more that nigger and Jew tooth hurts and aches and bleeds, the sooner America and the rightwing will throw away the "State's Rights" toothache drops, the "constitutional" sugar-syrup and the "anti-socialism" pills and take the bitter, bitter CASTOR OIL OF A RACIST (Nazi) COUNTER REVOLUTION. And when that castor oil hits and does what castor oil does, the filth in our national life will be disposed of in the immemorial manner of castor oil.

Passing Of A Great Patriot: Charlie Smith

Charlie Smith, publisher of the Truth Seeker and veteran battler of Jews and niggers, is dead.

The first time I ever saw Charlie was in 1957, when he was already well up in his seventies. He volunteered to come down from New York and help me picket the White House in the first strongly anti-Jewish operation I ever organized.

No sooner did he arrive, than he was out in the streets of Washington passing out a rabidly anti-Jewish handbill I had made up promoting the picket for the next day. He was arrested, and by the time I got to the scene he was handcuffed to a policeman who was at a police call-box on a street corner--and, even while handcuffed, Charlie was hollering at the top of his lungs, "No more war to save the Jews!" and handing out more of the leaflets to passers-by even while under arrest.

Only recently, Charlie went up to Newburgh, New York, and was again arrested for distributing his historic and magnificent leaflet on the Negro as a breeder of "little Black bastards".

Charlie was an Atheist. Probably I will make some people mad by praising him, just as there are some Atheists who get mad when I praise great Christians as we did with the magnificent Conde McGinley.

But to me, Charlie was first and foremost A BROTHER WHITE MAN--and one of the bravest and best I have ever known in my life.

If he was wrong in being an Atheist, he is being punished for it now, but I cannot believe that a just God could find it in his heart to "punish" a man as unselfish, idealistic, long-suffering and decent as Charlie Smith.

I always refused to be an Atheist and Charlie and I had many a "go-around" over this. But Charlie never refused to work with any patriot who fought for our race and nation, even some of those who damned him for his beliefs.

Just because I hate to see an end to such a magnificent spirit as that which moved Smith, I hope he was wrong in his Atheism and the Christians are right.

But whether or no he had such a thing as a "spirit" (and the mere suggestion may make him mad enough, even in his grave, to bring him back to life), the heroic "spirit", whatever one wishes to call it, which kept Charlie fighting for race and nation for all those long, long years of persecution is something unspeakably precious to me and to all those who knew this great man and realize what he did for all of us.

Either figuratively or factually, Charlie Smith, Conde McGinley and all of the immortal patriots before them, are in the Valhalla of heroes for all of us who knew and loved them both.

Khruschev and Miller of the NAAWP

After surviving and suppressing at least ten mutinies of various sizes, and studying the history of all political movements and their inevitable splits and mutinies, I have seen my conclusions borne out in two recent cases of mutiny in opposite political camps.

Old K failed to tend the home security arrangements, while running around the world having a ball, banging his shoe, lunching at the White House and swimming with Drew Pearson in the Crimea. So he got "the business".

Meanwhile, a courageous White Man named Miller in Ohio got a thing called the National Association of White People organized to fight niggerism.

A lot of good people joined, and the outfit prospered. And, as is usual in rightwing organizations, Mr. Miller set up a nice "democracy", with a board and votes, etc. (Just like my mutineers of last January wanted ME to do.)

So Mr. Miller's admirers and friends began to run the organization they didn't have the steam or the wisdom to start themselves. After a while, Miller got too "unwise" for his council. He was "ruining" the organization, etc., etc. (All the usual charges I have heard in not only my own but EVERY mutiny around the world.) So the Council VOTED MR. MILLER THE HELL OUT OF HIS OWN ORGANIZATION! (Just about the time Mr. K was getting the same treatment.)

The whole business confirms me in my belief that "mutinies" are Nature's way of testing a leader to see if he IS a leader.

He who can't survive his mutinies is no leader.

A real "king" in the biological sense of human excellence, CANNOT be "deposed", any more than a gang of second grade wolves could "depose" the leader of the pack.

In the early days of a political movement, mutinies are inevitable and the participants are not always evil--often misguided by vicious and smooth-talking plotters seeking power. In the early days, thus, mutineers must be put down but should not be as severely punished as later on. Most of them

(the ones who are simply misled and foolish) can and should be rescued, once they are truly contrite.

But later on, when a movement is not engaged in growing, but is governing and carrying out its mandate from the people, the slightest mutiny is TREASON, and must be dealt with with the utmost calculated brutality.

I favor the Chinese Red tactic in this matter, in which the dripping heads of the mutineers are spiked on telephone poles around town.

Mr. Miller and Khruschev got what they "deserved" on Nature's rugged but just terms.

A Billion Useless Hands and Muscles

Every day, naked human muscle power is becoming more and more a drag on the market. Automation and computors are making the old-fashioned, almost mindless, factory "worker" almost superfluous. What is needed now is not a horde of brainless, powerfully-muscled hewers of wood and drawers of water, but highly intelligent and thoroughly trained operators of the miracle machines which do the work of thousands of "workers" silently, almost instantly and automatically.

Under these conditions, an intelligent society would see to it that we did not encourage the production of any **EXTRA** mindless and skill-less "workers" who cannot support themselves in a machine economy.

Yet our "humanitarian", liberal fools are doing precisely the **OPPOSITE.**

We are encouraging birth control, which is practiced effectively **ONLY** by the intelligent, prudent and biologically valuable human stock. Our best people have too few kids to run society and our machines, because our insane "humanitarianism" makes successful humans pay enormous taxes to subsidize the breeding and feeding of increasing millions of little black bastards (to quote Charlie Smith, rest his soul), not only here, but in all the nigger countries on earth!

There is absolutely **NO USE** in the modern world for these mindless half-animals, and the riots we have now are as nothing compared to the black terror which will arise as the monster we have bred rises like an evil, dark jinni to crush us, for our own stupidity.

These biological cruds are breeding a **HUNDRED** times faster than any amount of "help" can train them (like monkeys) to find a way to support themselves.

The only pleasant thought, in all of this, is the discomfiture of the fat-head liberals and nigger-breeders when they finally have to start RUNNING from their "black brothers".

A Short-cut to the Moon?

This has nothing whatsoever to do with politics.

I simply inserted by way of comment that which may strike a sympathetic note here and there among other sufferers from what I shall describe.

I am convinced that we do not need enormous three- and four-stage rockets to reach the moon.

All that is necessary is to build huge sinks and drop into them enormous toothpaste caps and I am sure they will bounce to the moon.

Staying in hotels around the country, I have recently been exasperated time after time by the way you can drop a toothpaste cap in a sink and it will bounce clear out of sight in another room. There is a scientific principle here which needs looking into.

MORE Kosher Conservatism

When I first started working in the "rightwing" there wasn't a Jew in sight. It was unprofitable and unrewarding.

Now that there is money and glory in it for the slick operators, the field is suddenly FULL of hebes.

Out in Honolulu, I found myself face-to-face, in my anti-Communism, with the **HEAD** "anti-Communist" out there--a Jew named "Jay Field"--who came on during one of my TV shows, in a telephone call, with a typical "six million" bit, complete with gas chambers, ovens, snivelling, violin music, etc., etc. He has what seems to be **UNLIMITED** funds for use of those who wish to be pro-**JEWISH** "conservatives", but is as typical as any Jew commie I ever ran into in his insistance that Jews are great "patriots", never Commies, and that Adol Hitler is the big danger today.

Meanwhile, another Hebrew named "Schwartz" (not the **FIRST** kike operator and millionaire "patriot"--a **NEW** Jew), has come out with another heavily financed Kosher Conservative magazine for us suckers, called "Verdict".

Lots of good rightwingers will be taken in, but, having been in professional advertising, layout, de-

sign and typography, I can recognize graphic and literary "tracks" when I see them.

Believe it or not, "Verdict", the new "RIGHT"-wing magazine, is almost identical, typographically, layout-wise and in general tone with "Fact" (pronounced Fack-TT, the way the New York Jews gargle it). And "Fact" is put out by Ralph Ginsberg, the convicted pornographer and publisher of "Eros", the filthiest and vilest Jew magazine ever spawned in America. Artists can recognize each other's work, even unsigned, and this is as clearly

identical work as I ever saw. Undoubtedly, with its smooth (and SAFE pitch), it will take in lots of our poor patriotic suckers (and their money)!

Meanwhile, Goldfink has just finished draining our side dry (to put a Jew in as President), which most of our side would have laughed at as insane just two or three years ago.

Marvin Liebman, the Jew "ex"-commie at 79 Madison Avenue, with his "YAF" and his Committee of One Million, etc., etc., is sucking MORE loot out of our side; Fred Swartz is running all over the world sweeping in the Goy cash as a patriot (preaching that the Communists are vile "racists" and "anti-Jewish"!!)

I often wonder if we DESERVE to survive.

Devilish Jews!

One of our members has successfully penetrated a typical university race-mixing society.

He emerged with one of the most shocking discoveries I have run across in a long, long time.

The organization, as usual, run by satanic-faced Jews, has developed a scientific and cunningly calculated procedure for making rabid race-mixers out of innocent little girls, even from Mississippi, when they come to college.

The organization has a regular hierarchy of niggers arranged by color all the way from Congo-black to Belefonte cream.

Every semester, when a new batch of young freshman girls arrive from various parts of the country, including the South, those who refuse to socialize with the coons are subjected to the following vicious, diabolocal and almost always successful scheme.

They wait until the girl is sitting alone at a soda fountain, in the library, or almost anywhere else. The very lightest and best looking nigger, almost White, then sits down beside the girl and makes a very, very gentle approach such as asking for a match or offering to buy a soda, etc. If the girl refuses, or is the least bit cold, this No. 1 nigger then asks her, "Are you refusing to associate with me because of the color of my skin?"

Understandably, a shy and sweet young girl is loath to be brutal, even to a nigger, and usually remonstrates, "Oh, no. That's perfectly all right!", or something like that. Thereupon, the light nigger "moves in" a little bit more and keeps pushing, always gently, and always with the "Are-you-against-me-because-of-my-color?" line, until the girl consents to some minor sort of "date".

After she has had several of these "dates" with the light nigger, she is next approached by the "No. 2" nigger, who is a shade or two darker.

If she rebuffs this attempt, No. 2 points out that she has already dated No. 1 and again asks if she is against him simply because he is "darker". By this time, the girl's resistance is breaking down and she goes along with this too.

This is repeated once more until finally the poor girl is approached by the purposely chosen and ugliest black ape at the school.

Without going into further detail, readers who are able to understand the psychology of young kids, and especially girls, will see how diabolically this

scheme is calculated to turn the girl into a fanatical race-mixer, if for no other reason than to defend her own actions when she is later accused by her own people.

When she is called a "nigger lover" and otherwise blasted by her family and all decent people, they play directly into the hands of the filthy Jew schemers because they drive the girl back into the arms of the waiting black beasts.

Since I have been apprised of this unspeakable Jew-nigger scheme, I have had the opportunity of talking with a young girl at a college where I recently spoke who appeared holding hands with her nigger boyfriend.

After talking with her at some length, she was candid enough to admit to me that the above technique was used on her and with smashing success.

It is hard to blame girls who are subjected to such unspeakable villainy. I place most of the blame on parents who send their kids off to colleges where this sort of thing goes on and subject them to such vicious Jew and nigger attacks for which they are totally unprepared and before which they are helpless.

I also blame the cowardly rightwingers who keep talking about State's Rights and "taxes"--while nobody is willing to stand up and fight for the rights of young White girls against Jews and niggers of this vicious stripe.

Jew Control

Every week I get more and more invitations to speak at colleges in America and now even from overseas.

And every day I become more and more convinced that we are losing the battle to the Jews, not because of their genius, courage or even strength--but strictly by default.

When I first began operations against these villains and tyrants, I believed, as many rightwingers do now, that "you can't do this or that"--"the Jews are too powerful and would never let you do it".

This sort of argument keeps literally tens of thousands of Americans from attacking the Jews day after day with that same lame excuse, "It can't be done".

We have proved for more than five years now, that it CAN be done, and we have learned with each operation that the Jews are neither more intelligent than we are, more courageous, nor even more powerful.

I travel all over the nation and sometimes foreign nations, as in the last two weeks, surprising them at every turn, embarrassing them and humbling them. I have found by experience that the "power of the Jews" is 9/10 a chimera in the minds of Gentiles, a product of brilliant Jew psychology and psychological terrorism which keeps us paralyzed, like birds before snakes, without them having to actually DO anything to back up their supposed "omnipotence".

To the hundreds of well-meaning people who preach that I am a "Jew spy", because it is "impossible" to do what I am doing and "get away with it", I can only recommend that they one day try DEFYING these terrorists.

Nine times out of ten they will discover the Jews simply get hysterical, scream, and carry on like the cowardly weaklings and bullies many of them are. When faced with courageous defiance, they fold up and blow up.

End of A Feud...

James Warner came by National Headquarters just before I left for Hawaii and the West Coast. He apologized for his lies of the past years and said it was because he sincerely felt I was "hurting" the rightwing. I shook his hand and we had an interesting and friendly talk, now that he has quit helping Field's campaign of smear and hate. No point in continuing feuds when the cause has ended. Incidentally, the former "Christian" "Reverend" Warner of the NSRP is now openly promoting "Odinism", the worship of the old Norse Gods.

He was working on the same project when he left the ANP.

The Commie "Straight Shooters"

Speaking at Stanford University day before yesterday, I discovered the chief weapon of the Jews and Commies in making rabid young Reds out of so many fine, young, White Christian kids from good American homes. Time after time I have seen nice, patriotic kids graduate from high school only to become disgusting, beat, Red race-mixers and rioters in their first year at college.

Every corporation making kid's cereals, clothes, etc., knows the power of the urge among youth to BELONG. They use this powerful urge to form "clubs" based on their products and the result is the sale of millions of dollars worth of their "Ralston" or sneakers or whatever. I myself was a fanatic member of the "Straight Shooters" and

"Uncle Don's" gang, etc., like a million other kids. Few things are more agonizing to a sensitive kid than to be "left out".

At Stanford I won over several young people and had a chance to talk with them after the speech, when they contacted me near a bus station.

They were especially clean-cut types (Stanford has a higher type of racial stock than I have seen elsewhere), and I used the occasion to probe deeply into their experiences with the enormous Red drives on all University campuses today.

It became increasingly clear that MOST of the kids who participate in the Red riots at House Committee sessions or "march" on Mississippi are not motivated by any real ideology at ALL. Most of them are swept up in what the Reds have made a juvenile CLUB. You either join the race-mixers, bearded beatniks in sandals and Reds, or you are a "square" on the OUTSIDE of everything. And if you join the "club", you have what kids consider "fun". College kids have ALWAYS loved to riot and carry on. Years ago, there were many wild riots at my own school, Brown University, just for the hell of it, with no political angle at all.

The Reds and Jew psychological manipulators have simply used every normal desire in our college kids to make them into ABNORMAL little monsters.

Meanwhile, the so-called "rightwing", still plodding along with no understanding of EMOTIONAL ENGINEERING at all, and still persisting in the idea that you can win masses (or kids) with pure, cold REASON, keeps itself isolated from the people and youth with its eternally boring "facts" and "reasons". Kids don't really GIVE much of a damn for facts or reasons, not when the other kids are outside with a jalopy-full of screaming, laughing young bucks and gals on their way to a nice riot or any other chance to flaut authority--yelling "Come on!"

ANP vs. NSRP

I have received a very nice letter from Mrs. Bishop, ex-Vice Chairman of the NSRP. She resigned from Field's foolishness way back in August, although Fields hid the fact.

Almost simultaneously, Matt Murphy, Field's attorney, has filed a motion indicating that Ned Dupes has also resigned, although again, Fields has not published the fact.

Poem to A Wild Pansy

My clearance is "Q"
And, from much overwork,
Though my loyalty's true,
I've developed a quirk.

When it's time to retire,
At the end of the day,
I've the queerest desire
For the YMCA.

Now other men sleep
Or drink when they're weary.
Oh! Why am I different?
... Is my plaintive Queery.

While others grow dim
After a strenuous day
When tired, MY whim
Is to feel, OH, so GAY!

On gossamer wings
To the "Y" I must flit,
Oh what comfort it brings,
'Midst the pots and the ... sinks!

Christians & Nazis

One of our friends researching the early Hebrew manuscripts of the Torah (Old Testament) and the Talmud, sent us an amazing document. It is to be found on page 79 in a book of ancient, Roman law by Servius Rufus Scupicius published in the second century, AD. In this book is reproduced the translation of a document by this unknown early Christian who was seized in a "raid" on a secret meeting place of early Christians.

The parallel between this letter from an early Roman Christian, and what people like Kenneth Goff, Billy James Hargis , Don Bell, Ed Fields and others are saying is startling. Read it and see:

"There goeth forth among the people a certain Jewe named Paul who preacheth our doctrine and the love of the true Christ. But he speaketh a lie, for his purpose is not to spread the one true religion, but, verily, to destroy it and bring it to naught. This Paul speaketh boldly of our secret doctrines and our love of Christ, but he seemeth not to be taken by the Soldiers. And it is not far to seek the reason therefore, for Paul worketh mightily for the Jewes who rewardeth him with silver and gold. The enemies of the Christ send this Paul forth among the people to preach as a Christian, yea, more a Christian than we ourselves. Verily, Paul speaketh of the Living Christ in words of fire and calleth upon the faithful to come forth among the people and take their stand and defy the tortures

and the lions and the fire in the Coliseum. And when they have done this, and stood forth as open Christians they are seized by our persecutors and delivered up to the Chief Rabbis of the Jewes and the soldiers of Ceasar and destroyed. Hundreds who have heard the forked tongue of this provoker and heeded him have been delivered up, and burnt in the fires and devoured by the lions and perished. Heed him not, O my Brethren! I adjure thee and all thy congregation to sufffer not this Paul and his legion of devils to come in unto thee. Stone him and drive him forth as a spy and a betrayer. Paul lieth in his heart, for his is no Christian, but a scheming provoker who betrayeth good Christians into the hands of the enemy. Heed not his exhortations nor stand forth before the world for a witness, for thus are we true Christians delivered and destroyed. Rather work in secret and in silence, lest we be victims of the bloodthirsty Jewes and the Soldiers of Ceasar."

Does this sound familiar? It ought to! It is precisely the same line as you can see any time in any of the publications of the Right Wing witch doctors, hiding in their caves, wringing their hands, cringing in the darkness, afraid to really do anything about the terrible problems that beset our Race. Week aft after week, I am bombarded with charges of "working for the Jews", being a "Neutralizer", etc. But it is interesting to note some of the differences between my operations and those of the old ladies who rail against me.

Here at the American Nazi Party National Headquarters in Arlington, I have exactly two small offset presses, both of them falling apart, constantly in need of repairs. I have one printer, who works day and night without pay, producing all of the artwork and printing on every piece of literature that I mail out. In order to buy my paper and ink, we very often do without fuel oil or proper food. Not one person in my organization, including myself, gets a salary.

On the other hand, let us take a look at one of my so-called "Right Wing" detractors. Just today I received in the mail a sample of the unbelievably expensive advertising being done by the John Birch Society. It is a sixteen-page, full-color supplement to the Los Angeles Herald Examiner. On the back of this luxurious piece it says "Advertisement". Now, having been in the advertising business myself for many years, I know how many thousands such a bit of advertising costs. My entire organization dould exist months on the cost of this single JBS ad!

Or, consider the Minute Men. While these fellows are playing their games in the safety of the woods and weeds, my young Nazis carry the Swastika into the streets of the big cities against the hordes of Red-agitated niggers, WHERE THE WAR IS TAKING PLACE RIGHT NOW! They often wind up in jails and hospitals. I, myself, have lost my family, my business career, and have been jailed countless times, including being confined in an insane asylum.

If I, and the courageous young men who have joined me are working for the Jews, THEN WHERE IN THE HELL ARE SOME OF THE BENEFITS OF IT, LIKE THE ONES MY DETRACTORS ENJOY?

The answer is, of course, that I am not only not working for the Jews, but that I am the only one in the Right Wing with the methods, will and old fashioned guts to smash the Jews news blackout and bring real fear into their hearts. And I have to struggle for funds to operate with because my tactics serve to scare away the weaklings, the cowards and anyone who is not ready to put their lives on the line.

No revolutionary movement has ever been able to come to power by having its proponents "hide their light under a bushel". Paul knew this, and because of the sacrifices of the early Christians who openly proclaimed their belief in their doctrines, todays Christians may openly worship their religion, which has survived these thousands of years. But it would have been crushed into oblivion had their early predecessors done as todays Right Wingers would have us do--run from the enemy!

We Nazis have a revolutionary doctrine, also. It is one that is as Holy as life, itself--the salvation of our beloved White Race. Let cowards quail in the face of danger. We intend to carry the fight right into the midst of the enemy, and we are ready to starve, fight, bleed and die, if need be. Only this inspired fanaticism in the name of our Race can rally the dispairing millions of White men to fight for their survival against the overwhelming odds.

And as for those who believe as we do, openly or otherwise, we have only this to say:

STAND WITH US OR STAND OUT OF OUR WAY!

Pius XII... Hero or Villain ?

The amazing documents spoken of in the newspaper article reprinted here are smashing proof of what thousands of Americans are beginning to realize and believe--we fought on the wrong side in World War II!

As the news of this revalation about Pope Pius XII spread over our country a couple of weeks ago, there were undoubtedly many who reflected with sad and heavy hearts at the thought of how different things would be now, had America and England engaged in a Crusade against the Soviet Union,

joining with Nazi Germany and her armed might to smash the nightmarish onslaught of Jewish Communism.

IT WOULD NOT HAVE BEEN THE FIRST TIME GERMANIC PEOPLES HAD REPULSED THE ATTACKS OF ASIATIC AND MONGOL HORDES AIMED RIGHT AT THE VITALS OF EUROPE!

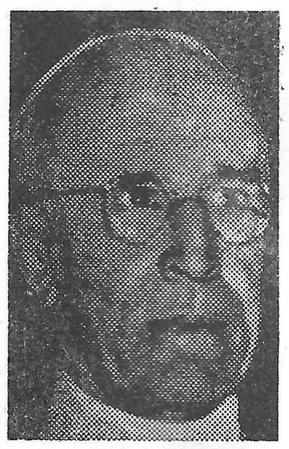
that we are again faced with a deadly attack from the Yellow Race--this time in the form of Khazar Jews. But, because of the new subtlety of these most monstrous Mongols and of the catastrophic treason on the part of our own leaders, our resistance to the current threat from Asia failed to crystallize.

As a result, our Race is closer to death than it has ever been en the memory of man!

Nazi Documents Renew Controversy Over Pius' Views in World War II

A new controversy heated up last week over the role of Pope Pius XII in World War II.

Newly revealed documents of the Nazi regime in Germany alleged that the late Roman Catholic leader had favored the German side in the war and sought to align the Allied powers with the Nazis in an anti-Communist crusade against Russia.



Pope Pius XII

Captured Nazi documents released by the British government quoted a German diplomat in Rome as saying that the Pope sympathized with the Nazis. "In his heart, one is assured time and again," reported the diplomat, "Pius XII stands on the side of the Axis powers." The documents were included in a British historical study of German policy between 1918 and 1945.

The West German newsmagazine Der Spiegel also cited Nazi foreign ministry documents in an article harshly attacking the Pope, who died in 1958. The magazine said the documents were discovered by Dr. Saul Friedlaender, a Swiss historian, who is writing a book on the Pope's relations with the Nazi regime of Adolf Hitler.

The magazine quoted Dr. Friedlaender as saying, "Pius saw no other policy but an extreme policy of appeasement toward the Third Reich. He only feared a Bolshevization of Europe, and apparently hoped an Anglo-American partnership with an appeased Germany would form the most important bulwark against any westward Soviet push." The magazine said the Pope's partiality to the Nazis was no secret in the Vatican, and cited a memorandum from a Nazi diplomat in the Vatican as saying the Pope was "very friendly toward Germany."

Der Spiegel said the documents showed that the Pope only protested against Nazi activities "if Catholics were involved," doing so "in his filigree-type language, and then only in general platitudes." "Hitler's war machine rolled over Protestant Denmark and Norway, and the Pope kept quiet," said the article. "But Hitler let his extermination battalions swarm into Poland, and then the Pope protested."

The documents, said the magazine, would prove that the Pope did little to help save the Jews from Nazi extermination. This same accusation has been made by German playwright Rolf Hochhuth in his play, *The Deputy*.

Vatican officials said the documents were "clearly partisan because of their source. They are documents from only one of the interested parties."

Time after time, for the last two thousand years, it has always been the Germanic warriors, the "Barbarians" of Europe and the civilized world who have been the final barrior against the swarming thousands of Yellow People who, for a reason that only Nature understands, must periodically overrun Europe--or try to. In the Icelandic language, which has preserved in a perfect state the language of the Norse, the word they use for Germans can be translated directly as "protectors of the people".

Adolph Hitler, whom I believe to be the divine gift of an inscrutable Providence, proved in our own generation that our White Race still is the Barbaric, fighting Race which has driven away the Yellow invaders for thousands of years. He proved beyond the shadow of doubt that White Racism can defeat Communism--BECAUSE HE DID EXACTLY THAT IN GERMANY, JUST THIRTY YEARS AGO!

Pope Pius XII, acting in the traditions of his church, which has inspired generations past to take up arms against enemies of our Race and Civilization, courageously attempted to cause history to repeat itself. He saw clearly

Now we are engaged in the last battle of this war which has endured for so many thousands of years. Our people have retreated as far as they can go. Now the symbol of our Race, the Swastika, is being raised all over the world, wherever there are White People.

This time we must not fail. This time we will not!

"HAMLET"... in the White House

The Warren Report on the assassination of President Kennedy appears to be factual and accurate as far as it went.

But the trouble was that it went noplace.

It COMPLETELY ducked the KEY question; why were all RIGHT wingers either rounded up or kept under heavy surveillance, while such a notorious red TRAITOR as Oswald was allowed to sit in a window on the President's motorcade route with a rifle and shoot the President?

It is utterly incredible that such a difference in tactics against the two groups of "extremists"

was the result of pure ACCIDENT. Can you IMAGINE, for instance, George Lincoln Rockwell or General Walker being able to sit up there and wait for the President with a rifle? --or even Elizabeth Dilling? Certainly not! Yet none of us have denounced this Country or gone over to the enemy, etc, as did Oswald. Quite the opposite! The Warren Report's utter failure even to mention the disparity in security measures taken agianst Communist TRAITORS, --and American PATRIOTS, --is too flagrant to be accidental.

Finally, there is the most "touchy" subject of all, a subject SO touchy I have never seen it even MENTIONED anywhere.

For thousands of years kings and emperors stabbed, shot and poisoned each other to make it to the "throne". Is it utterly impossible that the human traits which drove so many, many thousands of our ancestors to kill each other for the "crown" have not survived, --and manifested themselves in Lyndon Johnson?

Surely any run-of-the-mill politician could see that Kennedy was building for himself a DYNASTY, such as FDR built, -and that JFK was no more likely to move out of the White House short of doing it in a casket, --than was FDR.

And a man who appears to have already committed or condoned murder to make Senator, as the evidence shows Lyndon Johnson has, might just possibly figure the ONLY way he could hit the TOP was by the old fashioned way of removing an incumbant.

With Johnson's tentacles in the State of Texas, he would have the means.

There is no doubt in my mind that he has the political WILL to do ANYTHING to win, as he has done so many times in his career.

But neither the Warren commission nor anybody else has even hinted at this black angle. I believe we shall one day uncover the whole, dark, dirty business, and it will make "Hamlet" look like a Sunday-School Picnic.

Suicide in the South

There is a smutty story which I have found almost invaluable in explaining the tactics of our Party. With the language cleaned up, I want to use that story here to make it easier to understand our methods.

It seems there was an old bull and a young bull walking along a country road. The young bull looked up to a pasture full of young cows at the top of the next hill and a lecherous smile smile spread across his bovine face.

"Let's run up that hill and 'get' one of those cows", he said.

"No, son", said the wise old bull quietly. "We'll WALK up the hill and 'get' them ALL."

The moral of the story is that it is foolish to dissipate one's energy on non-essentials instead of concentrating on the task in hand.

Most of the right-wing consistently fails to understand this fundamental principle.

One of the best examples is the segregationist who goes out and beats up a Negro, throws a bomb at a Negro house, bombs a Jewish synagogue or burns a bus. For the momentary personal satisfaction of direct retaliation for some of the very real hurts by these individuals and groups they make a kamikaze attack which, at best can only result in "martyrdom" for the "enemy" or, at worst, a long term in prison for the would-be savior.

In trips around the country I have found that our people are beginning to understand this everywhere--EXCEPT IN THE SOUTH.

In the so-called "Deep South" I COULD NOT help many of the dedicated leaders to understand that they must concentrate their entire effort on the real enemy instead of on his tools and - worst of all - on his victims!

THE REAL ENEMY IS THE JEW, WHO IS THE DRIVING POWER BEHIND COMMUNISM, INTEGRATION, PORNOGRAPHY AND THE MORAL SUBVERSION OF OUR PEOPLE.
